

# DEVELOPING A BUSINESS TRAINING CENTRE!

## VOCATIONAL TRAINING FOR THE DISABLED PEOPLE IN RURAL TOWN OF GUANGXI

### Our Social Mission:

To provide vocational training and employment opportunities to the poor children and young adults with physical or mental disability.

### Student Learning:

Students will learn and experience the challenges of developing a self-sustained Business Training Centre for LSV.

### Project Opportunities:

- Conduct a market research to further understand the needs and demographic structure of the district.
- Evaluate the existing business model and operations of the Business Training Centre, which has 22 shop units currently running business on art, music, fashion and bicycle.
- Suggest a suitable structure, internal accounting policy and financial model for the Business Training Center, within the laws for a non-profit organization in Mainland China.
- If students had already formulated a business plan and are seeking an opportunity to pilot a store-front business, LSV can provide the space rent-free for a temporary or continuous business venture. Any profit generated by students from this business will be donated to LSV.

### PROJECT LOCATION

Nankang, Beihai City,  
Guangxi, China

### COMMUNITY PARTNER

Living Stones  
Village (LSV)

### KEY AREAS

Market Research, Operation
