

GIVE CHILDREN LESSONS!

LEFT BEHIND CHILDREN PROJECT

contexts and needs.

Our Social Mission:

To support the promotion of positive life value, good physical and mental health for the many poor left-behind children in both town and rural areas of Guangzhou.

Student Learning:

Students will learn more about the different societies in Mainland China, the problem of left-behind children, and also the development and delivery of child education for different social

Project Opportunities:

- Enrich the teaching curriculum and design education activities for the whole person development of children, especially on those subjects unavailable in local schools, such as physical and mental health, sex, life safety, arts, music, dance and English.
- Prepare course handouts, teaching tools and materials.
- Deliver the lessons and activities in village schools for about 2 weeks.
- Test the lesson and activity design in real situation and improve them.
- Listen to the children, understand and respond to their needs throughout the process.
- Bring the experience back to Hong Kong.
- Conduct other suitable observation and social studies on site.
